School Vision and Mission Statement

Scoil San Treasa provides a primary education with a Catholic ethos for children from the parishes of Carbury, Balyna and surrounding areas. It is under the patronage of the Bishop of Kildare and Leighlin.

Our Vision

Scoil San Treasa's vision is to provide a caring, inclusive learning environment where each child is welcomed, cherished, respected and facilitated in reaching their full potential, regardless of background, nationality or faith. Our vision of our school is of a safe and happy place for all, where pupils are nurtured and valued in an atmosphere of fairness, tolerance and respect. Scoil San Treasa's vision is to develop knowledge and character in every pupil empowering them to meet, with assured confidence, the challenges of life now and in the future.

Our Mission

Scoil San Treasa celebrates the uniqueness of each child as expressed in each child's personality, intelligence and potential for development. The school aims to nurture the child in all dimensions of his or her life - spiritual, moral, cognitive, emotional, imaginative, aesthetic, social and physical. We celebrate individual talent and spirit while giving our pupils the space to be themselves. We strive to cherish and challenge our pupils and staff in a safe, secure and attractive learning environment.

We are inclusive of everyone and, as a Christian community, we aim to be a warm and welcoming place, respectful and accommodating of diversity in race, culture, religion, gender and ability. We aim to promote equality and inclusion and support pupils with special educational needs.

Parents are their children's primary educators and we strive to empower and encourage parents to be actively involved in their child's education and the life of our school. We cherish and foster positive, co-operative relationships between teachers, special needs assistants, staff, pupils, parents and the wider community. We value our relationship with our local community and actively promote our pupils' and our families' involvement in their community.

We aim to provide quality-learning experiences that are engaging, enriching and stimulating through a broad, balanced and relevant curriculum. Pupils are encouraged to always do their best, be respectful towards others and the school environment. Parents/Guardians encourage and positively support their child in all aspects of school life and relationship development. The Principal, teaching staff, special needs assistants and ancillary staff continue to strive to make the school a centre of excellence in which high professional standards are maintained.

We strive to provide a nurturing, positive, holistic learning experience for every pupil and commit our resources to challenging and empowering all members of the school community.
